**POWERED COMPONENTS FOR SINKS, COOKTOPS & CABINETRY**

- Approach™ products are hidden powered components for your own sink, cabinets, and cooktop that bring them into reach with the push of a button.
- The Approach™ lift systems are designed to allow vertical height adjustment.
- Each system features an automatic shut-off when encountering an object during downward travel.

**SPECIFICATIONS:**
- Approach™ Drain Kit required
- Height adjustment 28” – 36”
- Accommodates counter widths ranging from 36” – 48”
- For increased workspace, the sink can be offset in a 48” counter section
- Safety shut-off device automatically stops the counter if it senses any barrier to its downward travel
- 5 year Limited Warranty

Don't settle for an institutional-looking kitchen or bath. Approach™ products are hidden powered components for your own sink, cabinets, and cooktop that bring them into reach with the push of a button. With these universal design elements, your contractor can make any kitchen not just accessible, but beautiful. Approach™ elements integrate seamlessly into residences, assisted living, schools, and care facilities of every kind. No hard wiring required.

**SPECIFICATIONS:**
- Works with any face frame or European cabinet style, from W3030 to W4830
- Safety shutoff plate matched to cabinet dimensions
- For design considerations, cabinets are 4” (proud) of the wall
- 5 year Limited Warranty
